

Quilt Racks for Rent

The Tiadaghton Quilt Guild will rent its quilt display racks out to other guilds or organizations that wish to display quilts.

The racks are made of wood and consist of bases, uprights, and crosspieces as can be seen in the photograph below. It takes two bases, two uprights, and one crosspiece to display an average quilt. The crosspieces slip through fabric loops on the uprights. The uprights are approximately nine feet high and the crosspieces are approximately eight feet. There are approximately 70 uprights and 200 crosspieces. In addition, there are three ten foot crosspieces and eleven four foot crosspieces for different configurations.

The rental fee for a weekend of use is \$250. If you wish to rent half the racks or less the fee is \$125. Renters are responsible for providing transportation and loading and unloading the racks at the storage unit in which they are kept at Best Self Storage, 2887 South Reach Road, Williamsport. Arrangements must be made to meet a Tiadaghton Quilt Guild member who will unlock the unit and verify the quantity taken. Payment is due when the racks are picked up. Renters are responsible for any damage or loss of any of the pieces.

Anyone interested in renting the quilt racks can contact Jeff Randall at jran2006@verizon.net or phone 322-6214.
